

Communications Services

A HENKELS & MCCOY Group Company

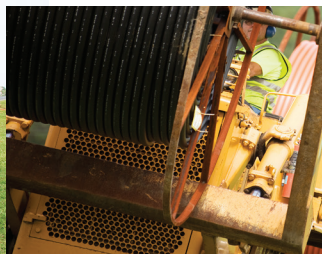

Henkels & McCoy has your Communications Services needs covered... Henkels & McCoy is an established leader in telecom infrastructure construction work. We got our start erecting poles and running phone lines back in the 1920s. Today we work with carriers, operating telcos, utilities, national, state, and local government, the military, and private industry to bring the latest technology and broadband services to business government and consumer markets. We have grown with the times and with our clients. Our formalized commitment to project management exemplifies the dedication to innovation and industry leadership that has always been our calling card. We enjoy a well-deserved reputation for delivering real value where it counts.

Areas of expertise

Henkels & McCoy's areas of expertise include project management, feasibility studies and financial projections, and planning and scheduling. Henkels & McCoy is expert in engineering and construction services, system integration, start-up and testing, plus service and maintenance. Full turnkey projects are a specialty of Henkels & McCoy, and we also include subcontract review and supervision among our many strengths.

- Structured cabling
- Training
- Unified communications
- WiFi / small cell / DAS

Serving these markets

- Power
- Oil & Gas Pipeline
- Gas Distribution
- Communications

Henkels & McCoy at a glance...

Henkels & McCoy is one of the largest privately held firms serving the gas, power, communications, and information technology industries. We have more than eighty offices strategically located from New England to Hawaii.

Focus on project management

Henkels & McCoy's formalized Project Management Program represents a companywide commitment to excellence. Formal and on-line training focuses on a variety of skill sets including job tracking, cost management, leadership, client management, and communications skills. Our customers realize the benefits of our efforts through improved efficiency and reduced costs relative to scheduling, material management, self-inspection, reduction of administrative expense through electronic communications, and sophisticated tracking mechanisms.

Commitment to safety

Safety is a value at Henkels & McCoy and represents a commitment to protect our employees, customers, and the public. Based on this philosophy, we have created a corporate safety program that is well known throughout the industry and assures that our safety performance results from continual evaluation and implementation of company and industry wide best practices. In addition to our own initiatives, we will obviously uphold the standards and procedures adopted by our customer.
